FDA – 21 CFR 177.2550; Food and Drug Administration

When used unmodified and according to good manufacturing practices, these membranes will comply with the U.S. Food, Drug and Cosmetic Act as amended under Food Additive Regulation 21 CFR 177.2550. These products may be used in processing liquid food and to purify water for food manufacturing compliance with the above regulatory citation. In use, the product should be maintained in a sanitary manner in accordance with good manufacturing practices. They should be clean prior to first use. Also, element materials in contact with the potable water are compliant to 21 CFR 170 to 199. Each has their own listing similar to the membrane above.

If you have any questions or require further information, please contact us via our web site at www.dow.com/perfchem.

Sincerely,

Connie Deford
Global Director for Product Regulatory Management
